

## How Central Can help

Our BHRS team will support your child and families clinical needs in your home, school and community. Our team will work with your child to develop skills in such areas as appropriate classroom behavior, safety awareness, how to communicate feelings, and social skills. To get started with our BHRS team you will need:

-Under the age of 21 and have a mental health diagnosis

-Your child must be enrolled in the states Medical assistance program

-BHRS services must be recommended by a psychiatrist or psychologist

## How to Contact Us

**For more information contact:**

(610) 279-9270

All Central Behavioral Health's services are provided without regard to race, color, religious creed, ancestry, national origin, age, sexual or affectional preference and disability.

## Our Mission

Central Behavioral Health is a community dedicated to helping people of all ages improve their emotional and behavioral health, develop resiliency, and achieve personal fulfillment.

## Behavioral Health Rehabilitation Services

- Is your child struggling with behavioral and emotional difficulties in school, home and/or the community?
- Do you feel like you have tried every strategy to help and you are still having the same struggles?
- Do you feel that support at school, home and/or in the community would benefit your child and family?

### Central Behavioral Health Can Help

Behavioral Health Rehabilitation Services will work with you to identify strategies and interventions that fit your child's needs. Our team will work closely with your child to develop skills to use socially, emotionally and behaviorally in every part of their life. Contact us to get connected to our BHRS team.
