

How Central Can help

Our Children's Blended Case Management team will help guide you through understanding your child's mental health diagnosis. Together we will explore the opportunities that are available to help support both you and your child. So if your child is under the age of 21, still in school and resides in the Norristown, Plymouth Whitmarsh or Upper Merion areas, please give us a call today.

How to Contact Us

For more information contact:

(610) 272-3042, Ex. 514
1211 DeKalb Street
Norristown, PA 19401

To schedule an intake:

(610) 279-9270

All Central Behavioral Health's services are provided without regard to race, color, religious creed, ancestry, national origin, age, sexual or affectional preference and disability.

Our Mission

Central Behavioral Health is a community dedicated to helping people of all ages improve their emotional and behavioral health, develop resiliency, and achieve personal fulfillment.

Children's Blended Case Management

- Has your child received a mental health diagnosis and you're wondering what to do next?
- Would your child benefit from involvement in community activities?
- Do you need someone to help you advocate for your child's needs?
- Do you and your family need help finding resources to meet the basic needs of your home (i.e. food, clothing)?

Central Behavioral Health Can Help

At Central, our team of highly skilled Case Managers will work side by side with you and your child to ensure you are receiving the most support possible. We will help coordinate services for your child by working with mental health providers, schools, and other social services agencies. We will work with you every step of the way to ensure that you are receiving the highest quality services possible.
