

## How Central Can help

Central's FBS team will provide therapy and support to your child and family in your home, school and community meeting you where support is needed the most. Our team of clinicians, will take an active role in walking you through assessments, identifying goals important to you and recognizing progress every step of the way. To connect your child to Central you will need:

- Your child must be under the age of 21
- One parent or guardian must be willing to participate in the services
- FBS must be recommended by a psychiatrist or psychologist
